Dear Sirs,

In case the maker's authorized service station is unable to serve your vessel, Independent Marine Surveyors Group S.R.L. is acceptable to this Administration, to conduct in presence of an attending class society surveyor the annual inspection and test of lifeboat and its associated launching appliances and on-load release gear on the SALVINIA (IMO No. 9419084) in accordance with provisions of SOLAS reg. III/20 and MSC.1 Circular 1206 (Rev. 1) subject to the following conditions:

1. The manufacturer's service and maintenance manuals must be available on board for the lifeboat and the launching appliances and the on-load release gear.
2. The facility's procedures for the thorough examination, servicing, and testing of the lifeboat and the associated launching appliances, and on-load releasing gear must be acceptable to the attending class society surveyor.
3. All testing, repairs, and maintenance to the lifeboat and their associated launching appliances and on load releasing gear must be carried out in accordance with the manufacturer's instructions and manuals, the instructions required by SOLAS Reg. III/36, and to the satisfaction of the attending class society surveyor.
4. The class society is satisfied with the qualifications and knowledge of the personnel conducting the test.

Upon completion of the examination, servicing, and applicable testing Independent Marine Surveyors Group S.R.L. shall prepare a written report of the thorough examination and tests and give it to the attending class surveyor. A copy of this report should be maintained on board the vessel.

This authorization of Independent Marine Surveyors Group S.R.L. is valid only for the thorough examination, servicing, and testing of the lifeboat and their associated launching appliances and on-load release gear on board the SALVINIA during this survey.

A copy of this authorization should be given to the cognizant class society office for action. If you have any questions on this matter please contact this office.

Sincerely,

  
Josiah Toepfer
